

Karo's Gourd Shard's

Christmas, 2023
Idaho Gourd Society

How about this? A newsletter without words..or just a few!

After our annual Christmas party at the Eagles Lodge on December 9, I felt it required a Shard's update.

With Happy Holidays and Merry Christmas's abounding, this was the best Christmas Party ever. Starting with being locked out until after 11:00 AM, everyone pitched in amongst the bedlam of arrivals and setting up the tables. Twas like a snow globe with all the snowflakes drifting about, only everyone was not drifting. It took no time to get tables set, etc and ...

Food! Glorious Food settled on many tables which were groaning with the bounty!

Members, You outdid yourselves with the delicious treats, supplemented by some mighty fine fried chicken. For those of us who seldom get fried chicken, there were many Ahh and Ummms! Thanks to Press. Alan, Ron Swank and all the BOD arranging this Holiday feast!

Blessings to each and every IDGS member and families. What follows is a message I have copied from a handmade card I received this week. Says it all.

This Season and in the New Year, may you be filled with Wonder and touched by Peace. A Merry Christmas to Everybody and A Happy New year to All the World.

Karo's Gourd Shard's

Following are photographs taken by Chris Peters and myself, hopefully capturing the happiness of that day!
