

6. Double Shard Necklace

Sunday 9/17/17 2 pm to 5 pm

Cost: \$35 Maximum: 15 students

Learn how I make my jewelry. I will show you how to connect two shards together with wire and how the necklace chain attaches to the shards. We will first learn to draw the patterns and then learn how to get them on the shards.

I will bring all the jewelry supplies including chain, wire and findings for this project. You will get two shards cleaned and ready to use. I will bring my metallic markers and rub-ons for you to try. Wear it home or give it as a special gift. If you are a fast worker, you can make a second one that is simpler.

You Bring

- Wood burning tools
- Pair of small long nose pliers
- Heat set ink dyes, if you like, or other color media you would use to put color on a gourd
- Sketching paper and pencil
- Gloves and an apron
